

# Declaration of Commitment

-  *We Acknowledge that rapidly growing environmental challenges require urgent local and concerted action*
-  *We Believe that a strong and thriving eco-entrepreneurship ecosystem will help generate sustainable job opportunities, change local perceptions, tackle environmental degradation, and pave the way for a better environment in Lebanon*
-  *We Trust that by leveraging our know-how and sharing our diverse experiences and resources, we can collectively empower eco-entrepreneurs to develop innovative ideas, establish themselves and thrive in the long-term*
-  *We Agree to collaborate to offer support mechanisms in the best interest of green entrepreneurs, providing them with far reaching and meaningful support*
-  *We Commit to provide expertise, coaching, mentoring, networking opportunities, technical assistance, tools, eco-design advice, and access to funding to green entrepreneurs at various stages of their journey*
-  *We Pledge to link eco-entrepreneurs with each other through a strong network, fostering exchange, cohesion, collaboration and synergies*
-  *We Envision that through a strong collaboration and by adopting a combined approach, our coalition will foster collective impact and inclusiveness, lower barriers to entry, and improve framework conditions for green start-ups in Lebanon*
